

GEORGIA BOARD OF PHARMACY INTERNSHIP REPORT

NAME OF INTERN: _____ **INTERN LICENSE #** _____

The Georgia State Board of Pharmacy requires the completion of **1500 hours** of internship before you will be permitted to take the licensure examination in Georgia. Internship during school attendance is **NOT** acceptable toward the required 1500 hours.

The Board requires that you work an average minimum of twenty (20) hours per week with an average allowable maximum of fifty (50) hours per week. The maximum number of weeks in which internship hours can be averaged is four (4) weeks or twenty-eight (28) days. Therefore, you may not obtain credit for less than 80 hours, or any hours over 200 in a 28-day period. However, this should not be interpreted to mean that you must work at least four (4) weeks or twenty-eight (28) days in order to obtain internship credit. For example, if you are out of school for just one, two or three weeks, you may obtain internship credit for that length of time, provided you work an average minimum of 20 hours per week for the working period, not to exceed the maximum of 50 hours per week for the period. Please use one (1) line for each week of internship hours worked.

“On file with the Georgia Board of Pharmacy” should not be interpreted as “Acceptable Internship.”
